

# A FRIENDLY MESSAGE TO VISITORS LOOKING FOR A GAME

May 20, 2022

Thanks for your interest in the [Pentwater Tennis and Pickleball Club](#). We welcome you to Pentwater and hope you have a very pleasant stay in our favorite summer resort. We are a private club that exists to satisfy the needs of our dues paying members. Given our location in a seasonal resort area, we try to keep membership affordable to the part time residents and repeat visitors we cater to. At the same time, we realize many friendly people who love to play tennis & pickleball are just passing through for a short visit.

Our organized play for tennis and pickleball commences at the start of peak season on Memorial Day weekend, and extends through the month of September. During this period, we sometimes allow visitors to join these sessions as guests. The daily fee for approved guests is \$10. For any other participation (outside of organized play), a guest must be accompanied by a member.

With limited space available on our (6) pickleball and (4) tennis courts, our members use an internal sign-up process to participate in organized play. This ensures they receive priority over any guests wishing to participate. When court space has already been committed to member participants, guest inquiries may be denied. In other cases where the courts are less crowded, requests may be approved.

**If you're a visitor looking for a game during our peak season, you can request approval to participate in organized play via [email](#). Alternatively, you can reach out directly to one of the organizers listed on the "[Play](#)" tab of our website. Please understand, we can only consider requests that are sent in close proximity to the date of requested participation. We'll do our best to respond promptly.**
